

Accommodation tax made easy.

One centralized platform for DMOs and municipalities to collect, track, and report on accommodation tax. Built by people who saw the problem firsthand and knew there was an easier way.

No more PDFs, manual spreadsheets, or mailed cheques.

Ottomat eliminates time-consuming admin processes, lost revenue from missed or late remittances, inconsistent reporting and limited data and lack of audit trails for compliance.

Automated calculations

Tax amounts, interest charges, and late fees calculated automatically using your configured rates.

Secure operator submissions

Encrypted online forms that operators complete in minutes.

Real-time dashboards

Live analytics on collections, compliance, overdue remittances, and rooms sold. Export reports instantly.

Payment tracking

Track every remittance from submission to reconciliation. See forecasted payments and outstanding balances at a glance.

Automated reminders

Configurable reminder communications sent to operators before and after deadlines.

Audit-ready records

Complete audit trail for every submission, payment, and communication. Exportable reports for council and compliance.

Purpose-built to streamline accommodation tax collection.

Step 1

Operators submit accommodation data online

Step 2

Tax is automatically calculated

Step 3

Payments are tracked and reconciled

Step 4

Real-time reporting is available at any time
